FOR IMMEDIATE RELEASE

### **\$200 RAFFLE WINNERS CONTACTED** From The Community Health Survey Raffle Drawing

Public Health Solutions (PHS) collected roughly 786 completed Community Health Surveys during the months of November and December 2016. Each resident from the five county district PHS serves had a chance to be entered into a \$200 raffle prize for completing the survey by entering their contact information.

Public Health Solutions, along with other community entities, were asking the residents within the five county district to participate in taking the survey that would collect vital information about the health, and wellbeing of the communities served. The counties that fall within the Public Health Solutions (PHS) district are the following, Fillmore, Gage, Jefferson, Saline, and Thayer.

PHS appreciates all the responses, and promotion of the survey from community members. The data is being analyzed and will be shared with the public in the near future.

Public Health Solutions respects all participants' privacy; individual responses and contact information are confidential.

Public Health Solutions mission is to prevent disease and injury, promote wellness, and protect the personal, community and environmental health of people that live within, Fillmore, Gage, Jefferson, Saline and Thayer counties. By participating in this survey, you will be giving direction on what actions need to be taken in your community. The information collected will be used to build a Community Health Improvement Plan (CHIP). This plan is the beginning of identifying much needed services or critical areas that need improvement in your community. To find out more about what Public Health Solutions does for you, and the communities it serves, please visit [www.phsneb.org](http://www.phsneb.org) or call us at 402-826-3880.
