### Welcome and Introductions

*Introduce yourself to everyone by telling us your name, organization, county you live in, and what impacts you/your family’s quality of life.*

### Overview of CHA/CHIP process

### Create a vision

### Reveal Rankings

### Wrap Up
Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP) Process

Step 1
Establish the **Regional Steering Committee (RSC)**

Step 2
Create a **Vision**

Step 3
**Assess the Communities' Health and Resources**
- *What are the region’s Strengths, Weakness, Opportunities and Threats for the promotion and protection of the public’s health?*
- *How do community members perceive their health and quality of life concerns and do community members know about resources and assets in their community?*
- *What strengths and gaps exist in the 5 county Public Health system?*
- *What does the data say around quality of life, behavioral risk factors, and other measures that reflect the conditions in which community members live, work, play, and pray?*

Step 4
Determine Health **Priorities**

Step 5
Develop **Community Health Profile**

Step 6
**Choose effective CHIP strategies**
- *Evidence based or informed strategies*
- *Action plan with goals and objectives*

Step 7
Committee coordinate progress on CHIP strategies and incorporate designated priorities into organizational strategic plans.
Prevent! Promote! Protect! Improving the health and wellness in our five-county region.

City Officials and Community Designers: Partnering to design safe and easy places to walk & bike.

Health Care: Working with local clinics & hospitals to improve district health outcomes

Public Health Solutions: Preventing disease & injury, promoting wellness, & protecting your health!

Community organizations: Fostering collaborative community partnerships to support district initiatives.

Environmental Protection: Helping to keep a safe environment for everyone in the community.

Worksites: Implementing workplace policies and programs to keep employees healthy.

Veteran Services: Supporting veterans in our district with access to services.

Schools: Providing school-based immunizations, suicide prevention, and safe routes to schools.

Individuals/Families: Providing education and support to district individuals and families.

Fall Prevention: Offering programs to keep older adults safe & healthy.

Media: Connect with us to learn more about Health in All Policies and other initiatives to keep your community healthy!
